

KGP-509-1 & KGP-510-1 GRAVITY FEED NYLON CUPS

DESCRIPTION

KGP-510-1	20 ounce cup
KGP-509-1	1/2 pint cup (8 oz.)

These gravity feed cups are designed to work with the GFG and GFHV gravity feed spray guns. The cups are constructed from durable nylon to provide trouble-free operation. The cup insert is 300 grade stainless steel. A unique drip check lid is provided to prevent paint from dripping out of the vent in the lid.

INSTALLATION

Remove filter and gasket from the inside of the cup. Insert filter (4) in cup outlet. Place washer (5) in fluid inlet of gun body (see Figure 2). Assemble cup to gun and tighten hand tight.

Figure 1

CLEANING PROCEDURE

For routine cleaning, it is not necessary to remove cup from gun. If cup is removed, it is not recommended to remove washer (5) from gun. If washer (5) is removed, it must be replaced. Empty paint from cup and add small amount of clean solvent. The amount required will vary with different coatings and solvents.

1. Shake cup to wash down inside surface. Then spray solvent at low air pressure (15-20 psi) to flush out fluid passages or manually flush gun.
2. Pour out solvent and add small amount of clean solvent.
3. Gently shake cup again to wash down inside surface. Then spray solvent at low air pressure (15-20 psi) to flush out fluid passages or manually flush gun.
4. Pour out solvent and dry cup with a clean cloth.

PARTS LIST

Ref. No.	Replacement Part No.	Description
1	KGP-510-1 KGP-509-1	Cup Assembly, 20 oz., Nylon Cup Assembly, 1/2 Pint, Nylon
2	KGP-402 KGP-401	Cup Lid Assy. (for KGP-510-1 cup) Cup Lid Assy. (for KGP-509-1 cup)
3	KGP-2-K5	Drip Check Lid (Kit of 5)
