# Manual Dispense Guns

- **Dispenses on demand**
- **Lightweight, rugged design**
- **Numerous design selections for internal cut-off**

C27-020 Pistol Grip  
with C00-007 Nozzle  
(Nozzle not included)

**Dispensing  
adhesives and  
sealants  
with manual  
flow guns**

204-355 Palm Grip  
Includes 165-606 Nozzle  
and 165-506 Adapter

SEALANT ADHESIVE EQUIPMENT

Graco offers a variety of manual flow guns for dispensing adhesives and sealants. These manual units allow you to dispense on demand by merely pulling the trigger.

Lightweight, rugged, all-metal construction provides operator convenience and reduces fatigue over long production runs. Pistol grip guns come in ball and seat, tip seal, and balanced piston for positive dispensing. Guns are available with a wide variety of dispensing nozzles.

## Fluids Dispensed

- rubber-based fluids
- caulks
- sealants
- adhesives

## Typical Industry Applications

- low-to-high flow rate requirements
- 120° handle requirements
- in-line handle requirements
- automotive adhesives and sealants
- industrial adhesives and sealants
